

PRESIDENTS CUP™

**Hotel Fan Program
GDS Rate Loading Instructions
2022 Presidents Cup**

Thank you interested in participating as a hotel partner for the 2022 Presidents Cup. Stayker is the authorized hotel reservations service for the Presidents Cup and the PGA Tour for this event, and we use our proprietary booking system to process reservations for the Presidents Cup fan booking program. Please review the information below regarding your hotels potential participation.

- No group agreements are necessary for the fan hotel program. Stayker's system uses GDS inventory exclusively. If you are interested in group business for the tournament, please refer to this RFP form. Hotels are welcome to apply to participate in both opportunities.
- Hotels will be offered based on proximity to the course, and the Presidents Cup (via Stayker) have final approval on all hotels and rates offered in the program.
- The Presidents Cup prefers to offer special rates exclusive to their event and you retain control over the inventory you allocate to this program. Stayker will also be offering select GDS rates (both public and consortia) so any rates offered to the Presidents Cup must be at least 5% below those rates (and commissionable at no less than 10%). Questions? Please email us: service@stayker.com
-
- **Here are the rate loading instructions which need to be completed on the hotel side.**
 - Rates must be loaded to our multi-level rate code (not a code you provide us). **That code is: STAYK** – Please do NOT set up a rate code for us, *we need your rates loaded to our rate code.*
 - **Our PCC is 2GM4**
 - We are exclusively selling via Apollo/Gallileo.
 - Rates must be commissionable at a minimum of 10% (Stayker's IATA 34-651842)
 - Rates offered must be eligible for award points for guests' stays if they are members of your rewards program.
 - Commissions are centralized through your chains travel agency payment platform. If no program is in place, you will receive an invoice from Stayker.
 - **Once rates are loaded, you need to advise Stayker to activate those rates in the platform. Simply email us: service@stayker.com**

If your hotel wishes to be considered as a fan hotel, please complete this form, and we will provide rate loading instructions!

Thank you and we look forward to working with your property.
